

Baby, I've said I'm sorry... so lonely, so lonely.
And baby, you know you're all that matters.
Just hold me.
I swear we'll make this better.

This clock speaks of all these passing hours,
And though you said it's over,
We'll piece this back together.

(This clock speaks of..)
This clock speaks of all these passing hours,
And though you said it's over,
We'll piece this back together.

I'll wait for you.
I'll wait for you. (I could never put it lightly)
Lovely, we've walked through stormy weather,
And I've lost track of what held us together.
I love you (I love you),
And I will never be complete
Until your here with me.

This clock, it speaks way too often.
This clock, it speaks of our lives.
This clock, it speaks way too often.
This clock, it speaks of our lives.

I'll wait for you. (I could never put it lightly.)
I will never let you down and I swear I will never ask you
Why you couldn't do this for me
Kill a dream, kill these dreams, baby.
Don't speak, burn this city.
Let her sleep.

And I never wanted it to end this way,
And I always knew you weren't perfect.
And I never wanted it to end this way,
You always knew I wasn't perfect.
