

**April 11**

**The Bunny the Bear**

Such a perfect time to echo softly  
With blisters in my eyes, she will never try to stop me  
(Lying on her side, next to the silent smell of autumn trees)  
She will never know  
No she will never look to me

Such a perfect time to echo softly  
With blisters in my eyes, she will never try to stop me  
(Lying on her side, next to the silent smell of autumn trees)  
She will never know  
She will never look to me

Stolen, this baby, screams "somebody save me!"  
Stolen, this baby, screams "somebody save me!"  
Stolen, this baby, screams "somebody save me!"  
Stolen, this baby, screams "somebody save me!"

Such a perfect time to echo softly  
With blisters in my eyes, she will never try to stop me  
(Lying on her side, next to the silent smell of autumn trees)  
She will never know  
She will never look to me

Such a perfect time to echo softly  
With blisters in my eyes, she will never try to stop me  
(Lying on her side, next to the silent smell of autumn trees)  
She will never know  
She will never look to me

Well, I have a feeling that its said and done...  
and I never thought that they would ruin all my fun  
Well, I have a feeling that its said and done... (that its said and done.)  
and I never thought that they would ruin all my fun (they would ruin all my fun)

She looks at me as if I have no tongue to speak...  
But I know that in it's twilight she will see  
She looks at me as if I have no tongue to speak...  
But I know that in it's twilight she will see  
All the rays will burn her eyes

All the rays will burn her eyes  
All the rays will burn her eyes  
All the rays

Such a perfect time to echo softly  
With blisters in my eyes, she will never try to stop me  
(Lying on her side, next to the silent smell of autumn trees)  
She will never know  
She will never look to me

Such a perfect time to echo softly  
With blisters in my eyes, she will never try to stop me  
(Lying on her side, next to the silent smell of autumn trees)  
She will never know  
She will never look to me
