The Bunny the Bear

She cried "I'd die for you"
But it isn't worth it to trust me, she cried
"I'd die for you"
But it isn't worth it to trust me

Don't speak.. just watch as I'm falling
No sleep... this cant be healthy
I've seen.. more than need be
Don't breath....

My intentions to breath for you.
(I would never bend to break
In case you didn't) know it's the truth

My intentions to breath for you.
(I would never bend to break
In case you didn't) know it's the truth

You'll find your god,
Draped in the fire
You'll leave him there..
When there is nothing to find

You'll find your god,
Draped in the fire
You'll leave him there..
When there is nothing to find

She cried "I'd die for you"
But it isn't worth it to trust me, she cried
"I'd die for you"
But it isn't worth it to trust me

Don't speak.
your words are appalling.
Believe.
but your stars are dead.
Don't weave
webs you cant handle
Now see...

(That I'm coming for you)
I'm coming.
I'm coming down.

She cried "I'd die for you"
But it isn't worth it to trust me, she cried
"I'd die for you"
But it isn't worth it to trust me , she cried (cry)
"I'd die for you"
But it isn't worth it to trust me, she cried (to trust me, to trust me baby)
"I'd die for you"
But it isn't worth it to trust me, she cried (to trust me, to trust me baby)

Clear the trees.
Clear the trees.
You said you wouldn't think twice...

You said you wouldn't think twice...
