

Your Reasons

The Bunny the Bear

I've been wrong, I don't want to give up.
I just want to keep you next to me.
Hold me close, let these words unfold
into a beautiful tranquil melody.

Give me your heartache, give me your love, babe.
Give me your heart and wrap it tightly.
Give me your heartache and all of your trust, babe.
Give me your reasons to hold on to me.

It's been rough, you could never give enough.
You could never give enough to me.
I've been wrong, but it's too far gone.
Let my actions ring volumes for the words I can't speak.

I've been so lonely without your body.
