

Harry May

The Business

Harry runs his business
From above the dodgy Ino
His brother is a chemist
It's a front for Anadin
What's his name?
Harry May
Harry May
Harry Harry Harry Harry May, Harry Harry Harry Harry May
Harry's got a roller
A shooter in the boot
Killing is his living
It's where he makes his loot
Now he's turned 60
He's given up his shooter
And he's always on the piss
