

I went to school with Joey James said he's gonna make it anyway
Football, crime, rock n' roll Nothing else could save his soul
Headed out on his motorbike We were sixteen and loved a fight
Weekend gangsters old school mob the passion of youth and being
a yob

WE WERE THE BOYS OF SE12

A villain is a fighter and keeps on his toes carries a reputati
on wherever he goes

Me and Joey were angels to the crew like villains we wanted to
die for you

The children had gone inside for the day while back in bar the
mob streams away

Something's gonna happen said Joey to the Sun as it went down h
e bought out a gun

Something's going down in SE12
