

Spanish Jails

The Business

Only nineteen with no political stance A victim of a government
, meant he hadn't a chance Thrown into the darkness never see's
the light Beaten up so much he cannot fight

Come on Spain give him bail Come on Spain give him bail Come on
Spain free him Come on Spain free him From your Spanish jail

I read the morning papers, can't believe my eyes Police the wor
ld over, always telling lies

Spanish gonna hurt you, bring you to your knees Lock you up for
ever and throw away the keys
