

## Sweet & Low

## The Butterfly Effect

Sweet and low (2x)

You put your fingers into my mouth  
Tastes good but look what's coming out  
This time we'll see what it's all about  
Its not like u knew

Sweet and low

Secretly purging your denial  
Come lets go for awhile  
And see this time what's suppose to be  
Its not like u knew

Sweet and low (2x)

This is your life (6x)

To ordinary you've got it going  
You've got it going on  
Don't say your boring say it ain't so  
Say it ain't so  
You never have to make it show  
You've got to let it show  
This life is scary I oughta know
