

# Don't Doubt Yourself, Babe

The Byrds

Don't doubt yourself, babe  
Let you feet stand up your beliefs, babe  
I know what's running through your mind  
Think you ought to capture time  
Make love, walk the straight and narrow, aah aah

Don't doubt yourself, gal  
Let's what's inside be your guide, you know darn well  
For all the wrong that's been done to you it's making you prett  
ier  
So don't be blue  
Life your living what you've been through, you're lucky, aah

Don't doubt yourself when  
Daylight fades and darkness begins  
It's only come to show you that you're the one  
Who knows where it's at  
The rest; who think they've got it pat, know nothing, aah

Don't doubt yourself cause  
At the end of your words no one applaudes  
The truth is proven to be found  
Hard to take the first time around  
So don't you worry, it's gonna be alright, aah, aah
