Standing in the airport I am waiting for a plane Goin' east to London, want to be back there again It's the right time of year, all the trees are autumn brown But I really only want to get to you

Sitting by the window, watching ocean going by Seems I should be with you but how fast can this thing fly Hey how it seems like an eternity All the time it took me trying to get to you

```
Oh, that's a little better Oh, that's a little better Oh, that's a little better Oh, that's a little better
```

Standing in the airport I am getting off the plane Glad to be in London even though it's pouring rain It's a bright sunny day when I see you run my way But it took me twenty years to get to you It's a bright sunny day when I see you run my way But it took me twenty years to get to you

```
Oh, that's a little better Oh, that's a little better Oh, that's a little better Oh, that's a little better
```
