

Wait and See

The Byrds

Watch out what you say, don't get in my way
I'm gonna get that girl, wait and see
I saw her today, she came by my way
I'm gonna win her love just for me

And together we'll go walkin'
Through the evening still be talkin'
She's the kind of girl you never hardly see

Have you seen her eyes, do you realize
How much love like that can mean to me?
I know she knows me, today after tea
The way she held her head when she walked by

And before the night is over
I think I'm gonna love her
And if it last forever I don't care

Say now she is mine, I told you all the time
How could I let a girl like that go by

And before the night is over
I think I'm gonna love her
And if it last forever I don't care
