

# Falling Up

The Cab

In the darkest  
You're the only light  
I remember

Tried your hardest  
Made me feel alive  
Now I can't forget ya

What you found was a lost, lonely heart  
Torn into pieces  
With you I feel like myself

Nothing but gold when we're together  
You were my one forever  
Feels like I'm falling  
But I never touch the ground

Feeling so right when I'm around you  
How can I live without you?  
It's like I'm falling  
But I'm not falling  
I'm not falling down

Falling up, falling up, falling up high  
Falling up, falling up-up-up  
Falling up, falling up, falling up  
But I'm not falling  
I'm not falling down

Without trying  
You knew the words to say  
To save me from myself

I can't deny it  
Never felt this way  
Not from no one else

What you found was a lost, lonely heart  
Torn into pieces  
With you I feel like myself

Nothing but gold when we're together  
You were my one forever  
Feels like I'm falling  
But I never touch the ground

Feeling so right when I'm around you  
How can I live without you?  
It's like I'm falling  
But I'm not falling  
I'm not falling down

Falling up, falling up, falling up high  
Falling up, falling up-up-up  
Falling up, falling up, falling up  
But I'm not falling  
I'm not falling down

Who says when you fall you have to fall down? 'Cause I'm going up with you

Who says when you fall you have to fall down? 'Cause I'm falling up with you  
now

I'm falling up with you now

Falling up, falling up, woah

Falling up, falling up-up, woah

Falling up, falling up-up, woah

But I'm not falling

I'm not falling down

Nothing but gold when we're together

You were my one forever

Feels like I'm falling

But I never touch the ground

Feeling so right when I'm around you

How can I live without you?

It's like I'm falling

But I'm not falling

I'm not falling down
