

I'll Run

The Cab

I can see it in your eyes, you're scared
All these things they force you to do aren't fair
I'm here to chase away these tears
And baby we can chase away these fears

Because sometimes baby you fall on your back
But girl you're three times the lady I'll ever have
And you know, you know it's true
This is a fight I refuse to lose

(And) I'll run
Have a little faith in me
You're scared and alone
(And) I'll run
This is wear we both break free
I'll bring you home

I can hear it in your voice, you care
Let me run my fingers through your hair
I'll keep you company at night
And baby I'm here to make this right

Because sometimes baby you fall on your back
But girl you're three times the lady I'll ever have
And you know, you know it's true
This is a fight I refuse to lose

Believe me and don't think twice
(And) don't leave me or say goodbye
Believe me, believe me tonight

If you have a little faith in me
Have a little faith in me
Have a little faith in me
If you have a little faith in me
