

# Take My Hand

The Cab

Calm your nerves now  
Don't worry, just breathe  
Are you sure now?  
Don't bother packing, let's just leave  
Said they wanted change  
I hope that you remain the same  
To show that this is not a game  
Let's end this tragedy today

Now take my hand and we will run away  
Down to this place that I know  
How did this night become the enemy?  
It's over, it's over, it's over

Lay down with me  
Let me hold you, baby just breathe  
This is ending  
We will get through eventually  
Said they wanted change  
I hope that you remain the same  
To show that this is not a game  
We'll end this tragedy today

Now take my hand and we will run away  
Down to this place that I know  
How did this night become the enemy?  
It's over, it's over, it's over

Take my hand and we will run away  
Down to this place that I know  
And did this night become the enemy?  
It's over, it's over, it's over now

We won't be a part of  
We won't be a part of this  
We won't be a part of  
We won't be a part of this  
We won't be a part of  
We won't be a part of this  
We won't be a part of  
We won't, we won't

Take my hand and we will run away  
Down to this place that I know  
How did this night become the enemy?  
It's over, it's over, it's over

Now take my hand and we will run away  
Down to this place that I know  
How did this night become the enemy?  
It's over, it's over, it's over
