

## Scene Beyond Dreams

### The Call

So where to begin  
Let's start with a child  
And where will it end  
Where the perfect guest meets his fate  
In a scene beyond dreams

I stand where I stand  
Convinced by the sight  
We hold in our hands  
Darkness and light where they meet  
In a scene beyond dreams and a mother cries

And she cries  
So we watch, and we wait  
And we watch, and the hero dies

So where do we fit  
Earthbound and chained  
Can this be it  
Visions of prophets and kings  
From a scene beyond dreams

Scattered and armed  
Fuel to the fire  
Compassion, alarm  
Images fade into scenes  
Beyond dreams

The awaited appears  
Branded with lies  
He calls to his own  
Loved and despised  
From a scene beyond dreams and a mother cries

And she cries  
And we watch, and we wait  
And we watch, and the hero dies
