

## Daddy's Car

## The Cardigans

We took off that sunny day  
packed our things and went away  
me and friends in daddy's car  
to find out how summers are  
found a card to send from wherever we went

From Luxembourg to Rome  
from Berlin to the moon  
from Paris to Lausanne  
from Athens to the sun  
our car became a spacecraft  
flashing through the world  
crashed down in Amsterdam

We'll take off some rainy day  
pack our things and go away  
families and hotelbars  
to find out how summers are  
find a card to send to some really old friends

From Luxembourg to Rome  
from Berlin to the moon  
from Paris to Lausanne  
from Athens to the sun  
our car became a spacecraft  
flashing through the world  
crashed down in Amsterdam
