

# It's Not the Night

The Cars

It's not the night  
For foolin'  
It's not the night  
For crazy eyes

I get the feelin'  
You want to stay  
I get the feelin'  
You're givin' it all away

But I know  
I know you take it well  
And for you  
For you I always fell

It's not the night  
(It's not the night)  
For, for sweet revenge  
It's not the night  
(It's not the night)  
To spend

The time is right  
To take it out  
The time is right to tango

Got a feelin'  
You're runnin' out  
Before your last fandango

It's not the night  
(It's not the night)  
For sweet, sweet revenge  
It's not the night  
(It's not the night)  
To spend

It's not the night  
For sweet revenge  
It's not the night  
For tango

I get the feelin'  
You're the spark  
That's dancin' in the dark

I get the feelin'  
You're the one  
A rushin' on the run

It's not the night  
(It's not the night)  
For sweet revenge  
It's not the night  
(It's not the night)  
To spend

It's not the night  
(It's not the night)  
You're lookin' for sweet, sweet revenge  
It's not the night  
(It's not the night)  
Night to end

It's not the night
