

## Shoo Be Doo

The Cars

It's funny honey but you don't care  
you never want to take me anywhere  
you ride around in your cadium car  
you keep wishing upon a star  
why is it you don't care  
don't you go making eyes on me  
don't remind me  
don't you tell me what to do  
shoo be doo
