

Take Another Look

The Cars

Shadows falling on my day
And time is standing still
You see things in a different way
A way that no one will

They're going to take the very thing
That's closest to your heart
They cannot mend your broken wings
You knew it from the start

So tell me...
Don't you want to take another look away
Don't you want to play the whole thing down
Don't you want to take another look away
Don't you want to take a look around

And rivers rolling to the sea
Clouds are breaking high
You can't find tranquility
Wherever it may hide

You played the game and now it's time
To keep the fire low
Silver trains are rolling by
You have no place to go

So tell me...
Don't you want to take another look away
Don't you want to play the whole thing down
Don't you want to take another look away
Maybe you could turn it all around

Your eyes are dim your heart is blue
Cause nothing ever lasts
It's all too many miles to you
The best of friends must pass

So tell me...
Don't you want to take another look away
Don't you want to play the whole thing down
Don't you want to take another look away
Maybe have another go around
