

Lullaby For The First Baby Born In Outer Space

The Cassandra Complex

Sleep baby, get away from it all
Sleep baby, get away from this world
The Goddess of the night watches over you
The Goddess of the night watches you
Someday you'll grow up, you'll be just like her
Someday you'll grow up and come back to Earth
Someday you'll grow up, and you'll be different
You'll be different

Sleep baby, build up your strength
You'll need it when the pull of gravity is in your veins
You'll need it when you grow up strong
Strong as the stars, strong as the stars
For someday, someday you'll group up
And you'll be different

You have no passport, you have no papers
You're a citizen of the next world
You are white, you are black
You are everything that we're dreaming of
And someday, someday you'll grow up
And you'll be different

So sleep baby, and dream for us
Dream for us
