The Cassandra Complex

Voices

I can hear voices (2x)
Telling me to stop the pain
Telling me to stop

When you call I always listen
Tell me everything I'm missing
Tell me anything you will
Tell me who I have to kill

I have to kill you
Because I can hear voices swirling in the sand
Like a pillar of fire
Reaching up to Heaven

I can hear voices (2x)

When you call I always listen
Tell me everything I'm missing
Tell me anything you will
Tell me who I have to kill
