

25 Years Too Late

The Casualties

[Verse 1]

All these hippies just to say
just a bunch of whacked out freaks
what you are is almost done
is all coming down on you

[Chorus]

25 years too late
new breed of hippies go away
25 years too late
give it up for shit sake

[Verse 2]

What you always said and done
boring fucking your no fun
this is something watch you breed
the abstinence that you don't see

[Repeat Chorus]

[Verse 3]

But you seem like all the rest
put you hippies to the test
cant you see that you wont pass
cant you see that it wont last

[Repeat Chorus]
