

4Q

Don't tell me what you want me to do

I never wanted to be like you

Bold and brave in a rut

Can't take lying and you can't hear me shout

4Q - Oh

4Q - Oh

4Q - Oh

Sick and tired of your advice

I told you once I won't tell you twice

You're always right, you're never wrong

Fuck off back to where you belong
