

American Justice

The Casualties

creating laws creating bills
the working man is always paying the bills

[Chorus]

American justice- it aint for us, it aint for us

they waste your money they waste your time
down in court the poor don't count
the laws they make are to protect the rich
the land of the free is not for me

[Chorus]

american justice- for the rich
american justice- for the ties
american justice- full of ties
american justice- it's not for me

[Chorus]
