

Casualties

The Casualties

Casualties - We're everywhere
Casualties - A way of life
Casualties - We'll never change

So we come into your own
gonna play another show
Gonna play for one or ten
Never really give a damn

Gonna play it for the punx
Gonna play it for the skins
Never going to give in
'Cause our boots are on the streets

Casualties - we're on the streets
Casualties - a way of life
Casualties - We'll never die
