

## For The Punx

### The Casualties

You Always Put Us Down  
Because we spike our hair  
Bondage trousers and dyed hair  
I'll never change my ways

Don't tell me what to do  
Don't tell me what to wear  
I'm gonna do what I please  
Cause that's the way we live

Who let these egotistical bastards  
get into our scene  
Preaching politics telling me how to be  
They want to be preaching Anarchy  
But I'll break their rules  
I was never part of it

It's a way of life, never change our ways  
It's a way of life for the punx of today  
We play for you, we play for everyone  
Power to the punx until the day we die

Never ever change your ways  
Drunk punx of today  
Oi! oi! we are here to stay  
Spiky haire drunk punx  
Oi! drunk punx of today
