For The Punx

The Casualties

You Always Put Us Down
Because we spike our hair
Bondage trousers and dyed hair
I'll never change my ways

Don't tell me what to do Don't tell me what to wear I'm gonna do what I please Cause that's the way we live

Who let these egotistical bastards get into our scene
Preaching politics telling me how to be
They want to be preaching Anarchy
But I'll break their rules
I was never part of it

It's a way of life, never change our ways It's a way of life for the punx of today We play for you, we play for everyone Power to the punx until the day we die

Never ever change your ways Drunk punx of today Oi! oi! we are here to stay Spiky haire drunk punx Oi! drunk punx of today
