

Punk Rock

The Casualties

Committed from the beginning
There is no fucking turning back
Forgotten youth, just wastes away
Always forward, never look back.

Break all fucking barriers
This street noise is all we've got
Fury and fucking anger
No more rules for the punx

Fuck you- no rule's made for me
Fuck you- I do as I please
Make some noise
Piss 'em off
Fuck 'em up
that's punk rock

So straight edge is the way?
I'll go out and drink all day
Tell me to shut up and drink
I'll stay sober and eat my beans

If being vegan is the fucking way
I'll eat hot dogs in your face
So you hate the PC crew?
I'll write a peace song just for you

Fuck you- no rules for me
Fuck you- I do as I please
Make some noise
Piss 'em off
Fuck 'em up
that's punk rock

So you hate the spikey hair?
I'll grow my mohawk and make you stare
All these rules you have created
Won't force the kids just for your sake

So get it through your fucking head
It's up to you what to eat and wear
Militant closed-minded fools
You're the church and schools of the youth

Fuck you- no rules for me
Fuck you- I do as I please
Make some noise
Piss 'em off
Fuck 'em up
that's punk rock

Too many rules
Fuck their rules!

Make some noise
Piss 'em off
Fuck 'em up

that's punk rock

Fuck you- no rules for me

Fuck you- I do as I please
