

Scarred For Life

The Casualties

You got your junk - Wasting away
You couldn't care less - a dying friend
You really look sick - the needle is deep
You'll never give up - Tell me for what

Scarred for life, scarred for life
You don't give a damn so fuck you too

On the street - Wasting away
Begging for money - a dying friend
Selling your body - You heroin addict
No hope, no dreams - Nothing but lies

Scarred for life, scarred for life
You don't give a damn so fuck you too

You need a fix - don't look at me
You need a hand - not again
You two-time scum - Now you're a bum
Your way of anarchy - ain't for me

Scarred for life, scarred for life
You don't give a damn so fuck you too
