

Soul of Fire

The Casualties

Born in the winter snow of NYC
Beer and Blood and Hell but they lived free
Their ship was a van to change the land
Their crusade began as a life of fire...HEY!

CARRY ON-FIGHT ON

SOUL ON FIRE-LIFE OF FIRE

Across the oceans and the sea
through the desert and many cities
Four men on a quest around the world
they brought their punk, it's a sound of fire!

CARRY ON-FIGHT ON

SOUL ON FIRE-LIFE OF FIRE

Their army united and enemies fell
The words were true, their fire grew
Traitors knew they could not be stopped
their endless crusade continues today...Hey!
