

Street Punk

The Casualties

The crew is out tonight
Scarred for life, what a sight
A generation with no hope
This concrete jungle
Can be rough

Street punk Oi!
Street punk Oi! Oi!

They're on the streets
Breaking the rules
From broken homes,
We're nobody's fools
The legion's out tonight,
The kids are looking for a fight
Nobody seems to care,
You can smell the fear in the air
