

Up The Punx

The Casualties

Up the punx!

Frustrated.... with the fucking problems of everyday

Frustrated.... they just never fucking seem to end

Frustrated.... another fucking love has gone away

Frustrated.... many friends have gone their own fucking way

Up the punx.... we'll survive the downfalls

Up the punx... we've gone through it before

Up the punx.... we have to stick together

Up the punx.... you're not fucking alone
