

Who's in Control?

The Casualties

Controlling the underground
Creating bands & labels

[Chorus]

Who's in control? / I question all the bands
Who's in control? / I question all the clubs
Who's in control? / I question all the labels
Who's in control? / I question everyone

—

A club is having trouble? Give them all no doubt?
Throw another benefit? Cause punk is DIY?

[Chorus]

The new bands arrive they talk how punk
They are but no one seems to care
All they want to be is rockstars

[Chorus]

It's hard to see the enemy when it is all around us
You've got to think for yourself and question everyone

[Chorus]
