

Blasting Away

The Cat Empire

All in or none at all
I'm just speaking for myself
Out here this light's a ball
Oh no where am my looking from?
They say they'll own my thoughts

Yeah but they don't understand
Nothing at all
What it is, what it is
What it is that we know
Yeah but they don't understand
Blasting away
Blasting away
Blasting away oh

Wahiyoh, wahiyoh
Wahiyoh, wahiyoh...

From here to kingdom come
Where I am is where I'm from
This globe she turns me on
Brighter than the blondest blonde
They say they'll own my one

Yeah but they don't understand
Nothing at all
What it is, what it is
What it is that we know
Yeah but they don't understand

Wahiyoh, wahiyoh
Wahiyoh, wahiyoh...

Out here I hear the roar
In my dream I've been before
There's something more than more
Am I just speaking for myself?
All in or none at all

Blasting away
Blasting away
Blasting away oh
Blasting away
Blasting away
Blasting away oh
Yeah but they don't understand

Wahiyoh, wahiyoh
Wahiyoh, wahiyoh...
