

In My Pocket

The Cat Empire

I've got a key
And a piece of paper in my pocket deep
In my pocket piece of paper and a key
As i wander through the street
War is there a war
or is there isn't a war anymore?
Somebody told me that nothing is for sure
Can you hear the ocean roar?

On each street is a tree
In the distance the desert sleeps
Sometimes a sigh is a song
And a breath is a melody
Oceans rise and oceans fall
So just what does tomorrow mean?
I give smile I give song
For one moments eternity

Na na na na na na na na na na
Na na na na na na na na na
Na na na na na na na na na na
Na na na na na na na na na

Oh but it's some mob
Some mob that brought me here i know it is my job
To seek my fortune Nanna thank you for this mob
Remember you now you are gone
If i went away
Tropical island somewhere sunny every day
But everyone i ever cared about remained
Would i tan or would i fade?
So every morning he wake
Spend his day at the daybreak
And every spoonful he take
Be of something his own make
Mountains rise and mountains fall
So just what does forever mean?
I give a smile I give a song
For one moments eternity

Na na na na na na na na na na
Na na na na na na na na na
Na na na na na na na na na na
Na na na na na na na na na
