The Cataracs

You say you've heard it all before
I'm not the man I used to be
And we all change from time to time
Oh oh ah ah oh
We all look for something more
Forget the ones we truly need
It's but a game we hind behind

Oh julia
If you take my hand
And walk beside me
Get lost inside me
Oh
I will love you if you say I can
Walk beside me
Get lost inside me
Oh oh
We conversate without a spark
You only fuck me in the dark
And in the morning we part ways without a warning
But you know it could be better if you open your heart
So much better if you open your heart
Oh you know it could be better if you open your heart
So much better if you open your heart

You say your life is such a bore

Uhohohuhohoh
You say your life is such a bore
Uhahahuhahah
You say your life is such a bore
And who am I to disagree
I kinda like when you're in mine

The unaffective face you wore
The smile I hardly got to see
These are the things I just can't seem to leave behind
But when you talk about how bad you got it
Well, you know it couldnt be that bad
Cuz life's to short to throw it away
You got the whole world in front of your eyes today
And that's a good enough reason not to be so sad

And I want you
And you need me
And I need you
And you want me

So lets smoke and lets drink and lets fly
Talk till the sun hits the sky
Walk through the water like jesus

You make me believe

Uhoh uh oh ah ohohohoh
