

# Luv Song

The Cataracs

I don't wanna talk  
I just wanna fuck  
We can do it all night  
We can do a lot  
But youre the one I want  
We can do it all night long

I met you in high school  
Your friends used to come around  
laughing asking if I liked you  
We started kicking it fast  
To get a tax in class  
Already thinking if asking I could wife you  
I guess that's what happens when you act before you think  
Almost past up everything we had and to think  
Come to find where we came we must have had an angel  
its shitty but I had my baby with me and I'm thankful  
The city is gritty people stare like they hate you  
It makes you weak they keep trying to break you  
And when they fall apart I need you to be there  
I don't wanna talk or rather think about it again  
I wanna hold you in my arms no I hold you in my heart  
I'm not much for words I told you from the start  
But when its gold and done I'mma keep you warm  
Cause youre the one that keeps my going

The right girl I'm not gonna act like I'm fly  
I'm not gonna act like I fight I'm a little guy  
I don't got much to impress you with  
Cept I'm raw as they come and I'll test your wit  
Shh don't move your lips move your hips  
Relax exhale as I move my dick  
And you might feel a prick up on your side  
But that's just me trying to get inside  
And I confide in you and you confide in me  
Let your inabitions free  
Then I wake up from my dream  
Woah had you on my mind for a long time  
Can't get you out of my head, giving me head  
So whats a man to do, except confront his love and tell you what I plan to d  
o  
Yes I'm gonna win you over, I got the four leaf clover  
My task is to smash like the game is red rover

Off the bat save the chit chat for after  
Its been al ong day and I can't wait to catch you  
Cause I'm really feeling you and all that sexual appealing you  
So we moving, moving, laying you down  
Now we grooving, grooving, I bet you like that huh  
Front to the back , can I hit it from the back ma  
It's a wrap, Cataracs, this slaps bra

Nothing to tell When I met you dawg  
Yo uwer not the kind to get involved with any joe blow trying to get in your  
drawers  
Even though you know he was there sexy n all that  
I'm just trying to give a word and I heard your man got camel

God damnit that's perfect  
cause you been missing intimacy and I been missing it too  
But if you give it to me , I'm a give it to you

All night  
All night long  
We can do it all night  
We can do it all night long
