

# Roll the dice

The Cataracs

Roll that (x4)

Hey, hey, hey  
Trust me, trust me  
I gave you one night just to love me  
Have your man say fuck me  
'Cause I beat that pussy up ugly, oh  
We gambling  
I wanna peel you like a mandarin  
Drop all the shit I'm handling  
And pluck you like a mandolin  
I'm on the road I'm out here dope as fuck  
Stuck, but I'm on the go  
We should composite girl  
Flick that shit 'til we off the flow  
Come take that chance, hey  
Come take that chance, hey  
Come take that chance

Roll that dice  
Gamble with my heart tonight baby  
If you fall all now you should know I be down too  
Roll that dice  
If we really push it over the line I rather  
Lose it all then take it home without you  
Roll that dice (x2)

Roll that (x4)

I living for the gambling  
Blow all my dice  
Like pocket aces  
We can be in para-paradise  
Lost in the ambience, the strocking lights  
Well I know we only live once  
But that's enough if we do it right  
Throttle pop for life  
The drum pop, that line  
Got a stable at my table pop  
That lovely it, that top  
Push your chips over the line girl  
Come take that risk  
What is this life, if we ain't living it

Roll that dice  
Gamble with my heart tonight baby  
If we fall out now you should know I be down too  
Roll that dice  
If we really push it over the line I rather  
Lose it all then take it home without you  
Roll that dice

We can it put on black  
Put it on red  
The colour of love  
Everyone says  
The house always wins

But I'm feeling lucky  
Let's do it together  
And double our money  
Double our money (x13)

It's The Cataracs

Roll that dice  
Gamble with my heart tonight baby  
If we fall out you should know I be down too  
Roll that dice  
If we really push it over the line I rather  
Lose it all then take it home without you

Roll that dice  
Wo-oh-oh-oh (x3)  
Roll that (x4)
