Everybody Hates Me

The Chainsmokers

Yeah, let's do it again but, uh, this time, uh, let's go full psycho

Yeah, I just want to drink tequila with my friends She said she cheated 'cause she's tryna get ahead The more I read it, yeah, the more I take offence I'm so defeated, I can't get outside my head I post a picture of myself 'cause I'm lonely Everyone knows what I look like Not even one of them knows me Yeah, I just want to drink tequila with my friends I'm so defeated I just want this shit to end

So I walk into the club like, everybody hates me I walk into the club like, everybody hates me I'm talkin' to myself, shit, now they think I'm crazy I walk into the club like, everybody hates me (everybody hates me) Like everybody hates me

Like everybody hates me Everybody, yeah

I'm a product of the internet Now, I'm face to face with all the voices in my head I can't even check the time without facing regret Why do I still have to mean everything I ever said And I'm not trying to to be like "poor me," I made it I'm just trying to stay normal now that they know what my name is Yeah, I just want to drink tequila with my friends They're the reason that I stared at who I am

So I walk into the club like, everybody hates me I walk into the club like, everybody hates me Talkin' to myself, shit, now they think I'm crazy I walk into the club like, everybody hates me (everybody hates me) Like everybody hates me

Like everybody, everybody hates me Everybody, yeah

I walk into the club like, everybody hates me I walk into the club like, everybody hates me I walk into the club like, everybody hates me I walk into the club like, everybody, yeah Everybody (everybody) Walk into the club like, everybody hates me, yeah Everybody (everybody) Walk into the club like, everybody hates me
