

Hope

The Chainsmokers

I would have walked through fire
To kiss your lips
Do you still think about it
Of what you did

Still see your old apartment
Like a bad trip
Wish I could forget all
The places we've been

Hard and heavy whiskey goodbyes
Boy you know how to make a girl cry
Was sleeping in a bed full of lies
And
Now that I'm older I can see why

Made me feel high 'cause you had me so low, low, low
You only seemed tall 'cause you stunted my growth, growth, growth
I only wanted you 'cause I couldn't have u
Now that I know
That wasn't love, that wasn't love, that was just hope

That wasn't love, that wasn't love, that was just hope

Always another bender
I'd loose control
I thought I get it back
When you came back home to me
Darling
But I never had it, did I
You're heart's a trick
And all the magic we felt
Was just a hit

Hard and heavy whiskey goodbyes
Boy you know how to make a girl cry
Was sleeping in a bed full of lies
And
Now that I'm older I can see why

Made me feel high 'cause you had me so low, low, low
You only seemed tall 'cause you stunted my growth, growth, growth
I only wanted you 'cause I couldn't have u
Now that I know
That wasn't love that wasn't love, that was just hope

That wasn't love, that wasn't love, that was just hope

'Cause you had me so low, low, low
You owe me some time
'Cause you stunted my growth, growth, growth
I only wanted you 'cause I couldn't have you
Now that I know
That wasn't love, that wasn't love, that was just hope
