

I'm in a spin  
I won't let this darkness in  
Turning around  
Grinning as I leave the ground  
Wanting it all  
I'm tearing right through that wall  
Once and for all  
I'm tearing through that wall  
Taking it out

A little rain's going to keep on falling on me  
I'm going to keep on calling to you

I'm in a spin  
Spinning at the speed of sound  
I'm in a spin  
Hanging with the lost and found  
I'm on fire  
rushing on my way to you  
I'm on fire  
Rushing on my way to you  
Checking it out

A little rain's going to keep on falling on me  
I'm going to keep on calling to you

I'm on fire  
Beside you  
I'm on fire
