

# Miracles And Wonders

The Chameleons

So hard to understand  
From one day to another you're a different man  
Never cease to find it strange  
How at midnight things seem hopeless  
But by dawn they've changed

Another illusion  
Plain to see  
Miracles and wonders  
Gifts for free

Light up  
I'll see you there  
As we enter a spirit that is everywhere  
Guess I'll never know  
How it feels deep inside to have another grow

Creation from fusion  
Plain to see  
Miracles and wonders  
Gifts for free

Another illusion  
Plain to see  
Miracles and wonders  
Gifts for free

If anything can happen then it probably will  
If anything can happen then it probably will
