

# In My Little World

## The Chant

[Verse 1]

The sky is blue  
I look at you  
You just turn to me  
And you smile

[Chorus 1]

All the girls love me  
In my little world  
I will bring them to their knees  
In my little world

[Verse 2]

There is no war  
In my little world  
There is no money  
In my little world

[Chorus 2]

All the flowers are in bloom  
In my little world  
I will sleep until noon  
In my little world

[Verse 3]

Run Henny Penny  
In my little world  
All girls names are Betty  
In my little world

[Chorus 3]

All the flowers are in bloom  
In my little world  
I will see you really soon  
In my little world  
In my little world  
In my little lovely world
