

You Can Fly

The Chant

You
You can fly
Away
Beast in a gilded cage
Just say good-bye
Say good-bye once
Before you go
Standing on the pane
Of my window
Who would have known
Words spoken in anger
Could turn you away
This pain is no stranger to me
But you
You can fly
Away
Bird on a wing

Good-bye, good-bye
This my final sacrifice
I've let you go
Beast in a gilded cage
Bye now
