

Christmas In California

The Cheetah Girls

They got the snow
But we got the beach now
They're getting cold
We're getting pool side seats now

Yeah, we're surf'in' through the holidays
bustin' out some candy canes
Hot in the sun

Yeah we're rollerskatin' everyday
Santa Claus is catching waves
Having some fun

(You know I'm talkin' 'bout)
Christmas time in California
All this fun here waiting for ya

They got the sleigh rides and sleigh bells too (Come on girls)
But we got convertables, at Christmas we cruz
We never made a snow man
But we're working on our sun tan

(Everyone knows)
That we can have a holiday
Celebrate it our way
(Come on lets go)

(You know I'm talkin' 'bout)
Christmas time in California
All this fun here waiting for ya

California is the place that you wna be
Santa even likes our weather better out on Christmas Eve

Christmas time in California
All this fun here waiting for ya

(You know I'm talkin' 'bout)
Christmas time in California
All this fun here waiting for ya
