

# The Simple Things

The Cheetah Girls

Its the simple things time to put the lights up  
And decorate the tree look at the snow fall  
Candy cane and sweets going on a sleigh ride  
Feel it in the air having such a good time  
Celebrating everywhere

Time for Christmas all of us together never wanna miss it  
The joy all around you know its time like this to see what really  
Counts

Its the simple things like a Christmas song sing along  
And your ready for the holiday Its the simple things  
The presents under the tree Christmas eve all the fun  
We have on Christmas day

(yeah, yeah, yeah, oh the simple things)

Hearing all the sleigh bells opening Christmas cards  
Gingerbread cookies Rudolph cant be far  
Getting cold outside staying warm by the fire place  
Children laughing Santa Claus is on his way

Time for Christmas all of us together never wanna miss it  
The joy all around you know its time like this to see what really  
Counts

Its the simple things like a Christmas song sing along  
And your ready for the holiday Its the simple things
