

# Sailor Boy

The Chiffons

Sailor boy (sailor boy)  
Sailor boy (sailor boy)  
Hurry home to me

When shadows fall  
I sit alone and as  
My eyes get misty

I still recall how much  
I love the way  
You used to kiss me

Though you're away  
I love still  
I always will

Sailor boy  
Oh, sailor boy

My thoughts drift back

To those last days  
When we were still together

And once again  
I hear you say  
That you'll be mine forever

I hope and pray  
Those words were true  
I wish I knew

Sailor boy  
Sailor boy  
Oh, my sailor boy

I'll never mind the waving  
That's one thing  
I'll be resigned to

As long I know you still  
Want the girl  
You left behind you

When you come home  
Across the sea  
Come home to me

Sailor boy  
Sailor boy  
Oh, my sailor boy

Sailor boy (sailor boy)  
Sailor boy (sailor boy)  
Hurry home to me
