

## 30 Years Ago

The Chordettes

About thirty years ago  
I was petrified  
I needed to go toilet  
so i opened my bum up wide  
Later i picked up my wife  
and started stabbin' her with my knife  
But she wasn't much of a fight  
Oh! I was tired! oh i was tired.  
Next day i went to work and my boss said i was fired!  
Next job i got was at the reject shop  
Only got paid \$3 a month  
it wasn't much oh well.  
That was 30 years ago.

To be continued..
