

30 Years Ago

The Chordettes

About thirty years ago
I was petrified
I needed to go toilet
so i opened my bum up wide
Later i picked up my wife
and started stabbin' her with my knife
But she wasn't much of a fight
Oh! I was tired! oh i was tired.
Next day i went to work and my boss said i was fired!
Next job i got was at the reject shop
Only got paid \$3 a month
it wasn't much oh well.
That was 30 years ago.

To be continued..
