

Angelica

The Church

Stretching out to catch
Stretching out to catch
Stretching out to catch the slender message

Angelica I want you

Crashing down
Crashing down
Crashing down in a shower of sparks
Crashing down
Crashing down
Crashing down in a shower of sparks

The civilized gentleman
The civilized gentleman
The civilized gentleman is gonna be nice
The civilized gentleman
The civilized gentleman
The civilized gentleman isn't gonna be nice
To you tonight
To you tonight
To you tonight unless you pay me
Pay me good
Pay me well
Pay me with a trip to hell

She reaches for him in a jealous moment

I've got a verbal caress
I've got it, I've got it here in my mouth
And it's here for you
And I'll share it
My tongue is wet
My tongue is wet
This verbal caress is gonna get wet

Angelica I want you

Little Johnny Ginseng jumped on the jelly roll
I saw him looking down the alley at it
He can blast, falling on the bowling alley
Lookout Jimmy your father's inside...

Angelica, stop making up those lies
